## Sparkling Harp Duo

### Emma Graham and Liz Grier

are Harpe Noire, Devon's only professional harp duo. Both harpists are accomplished musicians and have been delighting audiences as soloists for many years. The exciting collaboration of Harpe Noire was formed in 2012.

Our concerts are an exciting mix of compositions for harp duo and our own arrangements. Our repertoire ranges from jazz to classical, pop to baroque as well, of course, to the more traditional romantic harp repertoire. This is all delivered in our own relaxed, informative and friendly style.

*"I would love to have you both again next year. You were my favourite act last year and the very full audience were agog with your performance and banter between items."*

*"we all thoroughly enjoyed your concert and would welcome you both back in December!"*
